

MUHAMAD RAMADANI

Fullstack AI Systems | Deep Learning & Machine Learning Entusiast

Yogyakarta | 085733160898 | ramadani.dev@gmail.com | linkedin.com/in/muhamad-ramadani

SUMMARY

Informatics fresh graduate passionate about Deep Learning and Computer Vision. Experienced in developing end-to-end AI systems and integrating machine learning models into scalable web applications. Proficient in a tech stack including PyTorch, You Only Look Once (YOLO), FastAPI, React, WebSocket and Docker. I am interested in applying for Fullstack AI System roles to build robust end-to-end AI systems and deploy deep learning models into scalable web applications.

EXPERIENCE

AWS AI Academy @Dicoding Indonesia

Apr 2023 – Present

Participated in the AWS AI Academy in 2026, a structured learning program focused on Artificial Intelligence, Cloud Computing, Machine Learning and Generative AI. Key learning areas:

- Python Programming.
- Cloud Computing Fundamentals on AWS (Amazon Web Services).
- Machine Learning Fundamentals.
- Generative AI Concepts and Applications.

AI Mini Camp @Dicoding Indonesia

Jun 2026 – Jul 2026

Participated in the AI Mini Camp in 2026, a structured learning program focused on Artificial Intelligence and Generative AI through guided coursework and practical exercises. Key learning areas:

- Artificial Intelligence Fundamentals.
- Generative AI Concepts and Applications
- Prompt Engineering
- AI-Assisted Productivity and Workflow Automation
- Practical AI Applications for Real-World Problem Solving

Laboratory Assistant

Feb 2026 – Jun 2026

Assisted as a Lab Assistant and evaluated students weekly assignments.

Badan Ekraf Digital Talent (BDT)

Apr 2026 – May 2026

Selected as a scholarship recipient for the Badan Ekraf Digital Talent (BDT) 2026 program, an initiative by the Ministry of Creative Economy (Kemenparekraf/Baparekraf) in collaboration with Dicoding Indonesia. This program focuses on enhancing the capacity of Indonesia's digital creative talents, specifically in AI development.

Software Engineer Intern (Front-End)

Aug 2025 – Oct 2025

Participated in intern and actively contributed to the Autoads Dashboard, project by:

- Develop the front-end interface for the Autoads Dashboard application utilizing the Ionic Framework to ensure a responsive and user-friendly experience.
- Integrated the front-end application seamlessly with Firebase as the back-end system for real-time data management.
- Managed the end-to-end data flow between the user interface and the database to ensure smooth application performance.

ID Camp Web Developer Learning Path @Dicoding Indonesia

Sep 2024 – Des 2024

Participated in the ID Camp in 2024, a structured learning program focused on web development.

Key learning areas:

- HTML and CSS Fundamentals
- JavaScripts Fundamentals
- Front-End Web Development Fundamentals

EDUCATION

Bachelor of Informatics

Sep 2022 – Aug 2026

Jenderal Achmad Yani University

Final CGPA: 3.78

ORGANIZATION

Google Developer Students on Campus (GDSC)

Feb 2024– Feb 2025

Actively participated in technical workshops and chaired collaborative events across divisions.

Key study and focus areas included:

- Machine Learning Fundamentals
- Full-Stack Web Development Fundamentals
- Cross-functional event leadership and evaluation

Research and Development (R&D) Division at HMIF FTI UNJAYA

Sep 2022 – Sep 2023

Actively participated in technical workshops and chaired collaborative events across divisions.

Key study and focus areas included:

- Spearheaded a final project workshop themed Data Mining, chairing the event and driving successful cross-functional collaboration across multiple divisions
- Conducted comprehensive post-event evaluations to measure program effectiveness and implement continuous improvements for future activities

KEY SKILLS

Tech Stack:

- | | | | | |
|---------------|------------|--------------|-------------|----------|
| • Python | • Flask | • MySQL | • YOLO | • Git |
| • JavaScripts | • React.js | • Express.js | • WebSocket | • Docker |
| • Dart | • Flutter | • Firebase | • FastAPI | |

Languages: English, Indonesia

PORTOFOLIO
